

AZVA/Insight PARENT Facebook Groups

Hello!

Welcome back to our returning families! WELCOME to our new families. We are happy to have all of you as part of our AZVA/Insight family! This document will give you the information that you need to connect to all our families across the state of Arizona. At AZVA/Insight we connect through many different avenues, but one of our favorites has to be our collection of “closed” Facebook groups. Let me explain... “Closed” Facebook groups are pages that are not public. No one can view anything on the page, if he/she is not a member. Your identity is safe! You will only be interacting with other AZVA/Insight PARENTS/LEARNING COACHES. Yes, these Facebook closed groups are only available to parents and learning coaches because we cannot be responsible for monitoring or shielding the identity of our students, even in a closed forum.

Let me address those of you who don't “believe” in social networking. Your student attends an online school, and one of the only venues we can use in a virtual world is to get together virtually, right? Those parents/LCs who have taken advantage of these groups LOVE them. The participants will tell you that each group offers quick access to questions and answers! If the parent/LC needs a quick answer, they turn to the experts in the group. You also benefit in that many of our groups are very active in planning events from holiday parties to pizza events that the parents/LCs plan and lead. It's a great place to visit! Why not give it a try? All too often parents/LCs will ask me how they can make connections with other AZVA/Insight families in their area. My standard answer is... Join our FB groups! If you worry about your privacy, don't. If you have an active FB page, but you don't want to share it with your group, you can increase the security on your page, OR you

can create a separate FB personal page to use at AZVA/Insight. Either way, I strongly urge you to take the plunge. It's EASY, and it's FUN!!!

I administer all the FB pages, but I do have help. One or two local parents/LCs help with the pages. They will welcome you and help you in so many ways. My job is to retrieve answers to questions and to inform you of many events in your area and within our schools and K12. I am also the gate-keeper for all groups. When you have your own FB page established, you can click any of the links (below) to our closed groups. You will then ask to join. I will check your name against the AZVA/Insight parent/LC database. If your name matches EXACTLY, I will admit you to the group. If your name differs from the one you have on file with us, I will not admit you. If right now you have a page in a different name than the one you used to register as a parent/LC, why not either change your FB name or create another page with your AZVA/Insight name? It's easy. I don't want you to miss out on this experience.

Now, if you are ready, here's what you do. Click the link on any or all of the FB closed group links and ask to join. Since I have just created all new groups, I may take a few days to admit you, but don't worry, as long as your FB page name matches your AZVA/Insight registered name, I
